I. THE COLLEGE

A. Location

Nabinchandra College is situated in the heart of Badarpur, a small town in Karimganj district in South Assam. Badarpur, being located in the centre of Barak valley and also being the meeting point of Cachar, Hailakandi and Karimganj districts, enjoys an enviable location in this valley. Besides, it is the gateway to Barak valley and is well connected with the three lifelines of this valley, namely rail, road and river. The heart enchanting hills of Panchgram, the distant blue hills of Meghalaya, the ever green surroundings with trees in bloom, paddy fields, ponds and a busy national highway in front have lent an idyllic view and provided urban facilities at the same time.

B. History

The beautiful and well-built Nabinchandra College that stands impressively in the heart of Badarpur town had its beginning in the late 1960s. The people of those years faced many a problem in sending their children for higher education to Karimganj or Silchar as there was no college between these two towns lying fifty-five kilometres apart. Distance, money, wastage of time and poor communication facilities were the chief hurdles which made them think about an alternative arrangement. The result was the unanimous decision of setting up a college at Badarpur. This noble idea soon acquired flesh and bones through the selfless and untiring efforts of the people of all walks of life in the form of a college in 1969. The sweat and blood of the then staff, students and the general public helped in laying a strong foundation and in nurturing the new born educational institution.

As the college had no campus of its own, the classes of Arts faculty were run in a rented building in a plot very close to the present site. The college was christened "Nabinchandra College" in 1971 after the late father of Basanta Kumar Das, a major donor. It was shifted to the present site in 1974 and was brought under the deficit system of grants-in-aid rules of the Assam government the following year. Since then it never looked back, but always marched ahead, crossing many a hurdle on the road to progress, achieving side by side the physical development of the college building, the campus, and the academic growth of the educational institution.

The College introduced **Commerce** at H.S. level in 1981 and at degree level in 1984, which continued till 1989. After a gap of Six years, the College re-introduced these programmes in full fledged manner. At present department of Commerce is a vibrant department with two honours courses viz 1. Accounting and Finance and 2. Business Management.

In 2006-07 Session the college introduced **Science** Faculty under Assam University with three subjects - viz Economics, Mathematics and Ecology & Environmental Science. The College has also obtained permission to teach Physics, Chemistry, Botany, Zoology and Mathematics honours at Degree level. The college has also applied to the Assam University for giving permission to introduce Honours Courses in Physics, Chemistry, Zoology and Botany. The college introduced **Science Stream** at H.S. level with effect from the academic Session 2008-2009 with the subjects Physics, Chemistry, Mathematics and Biology.

The College has recognised need to introduce Career oriented programmes at U.G. Level and accordingly has introduced in 2004-05 a course in **Functional Arabic** sponsored by **NCPUL, under H.R.D Ministry, New Delhi**. In 2006-07 Session, the college has introduced U.G.C. sponsored Career Oriented programmes in **Computer Application in Business, Marketing Management and Entrepreneurship Development**. A correspondence course centre under the Institute of Distance and Open learning (IDOL) of Gauhati University has been functioning in

this college for some years. The latest addition in the academic expansion is the joining of Nabinchandra College as a Partner Institute of Indira Gandhi National Open University (IGNOU) under its convergence scheme to offer different conventional and specialised courses to the people of Badarpur and adjacent areas.

The college has, over the years, made significant progress on academic front— diversification of subjects and streams, increase in the intake of the students, increase in the number of faculty members, upgrading the library facilities, considerable improvement in teaching-learning process resulting in better results etc. The all-round progress of the college was assessed by the NAAC in August 2004 and was subsequently accredited with B grade. On January 31 and February 1, 2011, the Peer Team from the NAAC revisited the college and reassessed it. As a result, the NAAC re-accredited the college with Grade B (with CGPA 2.72).

C. Goals and Objectives

1. To impart higher education to boys and girls in different branches of Arts, Commerce and Science.
2. To impart quality education to the youth irrespective of caste, creed, race, sex and religion.
3. To promote the education of the local youth, including women and youth of the backward classes.
4. To promote physical, mental and moral growth of the youth in order to enable them to face the complex challenges of life.
5. To foster feelings of liberal humanism, mental tolerance, national integration, brotherhood and fellowship among the students in particular and the society in general, and to do all such things as may be conducive to the welfare of the students and the community at large.
6. To do all such other things which are ancillary or incidental to the attainment of all or any of the above-mentioned subjects, or which may be deemed conducive to the interests of the college.

II. NAAC RE-ACCREDITATION

The NAAC or the National Assessment and Accreditation Council, Bangalore is an autonomous body set up by the UGC (University Grants Commission) in 1994 to develop higher education (i.e. College and University education) in India. With this purpose a Peer Team consisting of three educational experts from various Universities visited Nabinchandra College on 20th and 21st August, 2004 and assessed it. The college, as a result, has been accredited with Grade B. The NAAC accreditation is a very significant development in the history of this college.

As a post-accreditation quality development measure, the college has now an established Internal Quality Assurance Cell (IQAC) to improve its higher education. Since quality improvement is a continuous process, the IQAC is a part of the system of this institution and is working towards realizing its goals of quality sustenance and enhancement. Rajat Bhattacharya, Associate Professor in the department of English, is the Co-ordinator of the IQAC.

One positive benefit of the Post-accreditation quality development measure for the college is the re-accreditation of the college by the NAAC with Grade B (with CGPA 2.72). The reaccreditation came as a result of the NAAC Peer Team visit to the college that took place on January 31 and February 1, 2011. The college is keen to sustain its qualitative growth and opt for further assessment and accreditation in future.

III. RULES AND REGULATIONS
